

DIGIPRIME PROJECT OPEN CALL – JOIN THE INFO DAY, 13TH OF MAY !

DigiPrime invites you to the “Info Day” focusing on its [Open Call type “A” for the Expansion of the DigiPrime marketplace and platform services](#). The info day will take place on the **13th of May 2022, from 10.00 to 12.00 CET**. The Open Call provides up to 100.000 euros funding for proposals submitted by one SME and up to 150.000 euros for a consortium !

The **DigiPrime project** has the mission to develop a new concept of Circular Economy digital platform overcoming current information asymmetry among value-chain stakeholders, in order to unlock new circular business models based on the data-enhanced recovery and re-use of functions and materials from high value-added post-use products with a cross-sectorial approach. Current pilots are: [Batteries](#) ;[Textile](#); [Mechatronics and electronics](#); [Composites- Cross-regional value chains](#); [Circular Innovation Hubs Integration](#).

The **objective of the Open Call A** is to develop “New functionalities to be included into the platform”. For more details on the specific objectives please consult the [dedicated DigiPrime platform section](#).

Agenda Info Day 13th of May (10.00-12.00 CET):

- General Presentation of the DigiPrime project
- Presentation of the Open Call – Objectives and targeted applications
- Procedure for submitting applications
- Q&A

You can register via the following [form](#). Following your registration, you will receive login details via e-mail.
